

3 Courses

Getting started with TensorFlow 2

Customising your models with TensorFlow 2

Probabilistic Deep Learning with TensorFlow 2

Imperial College  
London

Dec 27, 2021

**Christopher Patrick Prendergast**

has successfully completed the online, non-credit Specialization

# TensorFlow 2 for Deep Learning

In this Specialization, learners have acquired and honed practical skills in the popular deep learning framework TensorFlow to develop deep learning models for a range of applications such as image classification, language translation and text and image generation. Learners completed programming assignments and capstone projects to apply their knowledge and skills.

Dr Kevin Webster  
Senior Teaching Fellow  
in Statistics

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
